 PC Card Slot: 1 x ExpressCard/54 slot
 LAN: 10/100 Base T
 Wireless: Integrated IEEE 802.11b/g
 Microsoft Windows XP Pro

Supplied configured to your network

The supply of laptops is very volatile at present. The above model is as an example. It is likely that in the future we will be able to supply a similar (or better) machine at this price or less

We can supply Microsoft, 2Simple and Granada software at educational prices (using the Curriculum Online scheme if appropriate). Please contact us for more information.

We also offer a range tablet PCs, laptops and wireless networks. We have supplied numerous projector solutions with and without whiteboards. We can incorporate wireless projectors or add wireless connectivity to your existing projectors.

The above pricing includes a three hour visit from one of our technicians every fortnight for the first old term. If this service is required after the first term it can be carried on at a cost of £600 per old term.

All prices exclude VAT.
